

## What is going on with this account?

This is a pretty simple question for me, but probably not for you guys, if you are wondering who I am, I am Dominic, a.k.a Доминик1 on YouTube, and I created this account for the purpose of exposing one of my former friends, that being JohnnyChips/KadenKayz. Ever since Johnny/Kaden knew about the account, he has been mad at me, saying I'm "stealing" his content, which I am not, I'm just uploading it to a different website, I'm even giving him proper credit, and not me saying it's my own works. At this point, this account, along with me uploading Johnny/Kaden's content to it is harming both my mental health and his. Even if I'm still pissed off at what he did, I might as well let this account go (not really, but I won't do anything on this account anymore). I'm still gonna keep the screenshots, web archives, and exposure videos up on this account, so you can still know what he has done, just don't expect me to reupload his videos here anymore, like what I did before. If you are wondering, "do you still have those files on your computer?" The simple answer is yes. I'm just not gonna make them public, since you know what happened. Also, as a last note to Johnny/Kaden: Please don't harass me over this entire account, I will NOT delete this account, since there is still info that needs to be public. Especially those videos where you suicide baited and made fun of Christians and Muslims, which I do NOT approve of in the slightest. I've already had enough drama in my life for now, and I want this to end already. I also hope you are happy by the fact I deleted the listings with your videos on the account. Also, as long as you shut up about us, we will shut up about you. Anyways, that's honestly all I have to say for now, I might return to this account, but most likely in a few months if not a year.

Johnny/Kaden, I hope you are happy.
